

ALPHALAS GmbH – Tunable Waveplates

Product Citations - September 2018 (86 citations)

Our customers are from all over the world and include

- Industrial Companies: from all branches & from small businesses to largest enterprises
- Research Institutions
- Academic Institutions
- Government Institutions

Our products are used by researchers worldwide

- from students to top researchers and Nobel prize winners
- from universities to top research institutions and laboratories
- they are cited in leading research publications, scientific books, dissertations, patents, etc.

Below you can find a list of product citations. Most recent citations are listed first. Please note that the list is **not exhaustive**; citations have been obtained through web search for our company name only. If your publication is missing, please contact us – we will be happy to add it to the list.
